

Copied in these CHARTS directly from the California D.O.E. web site.

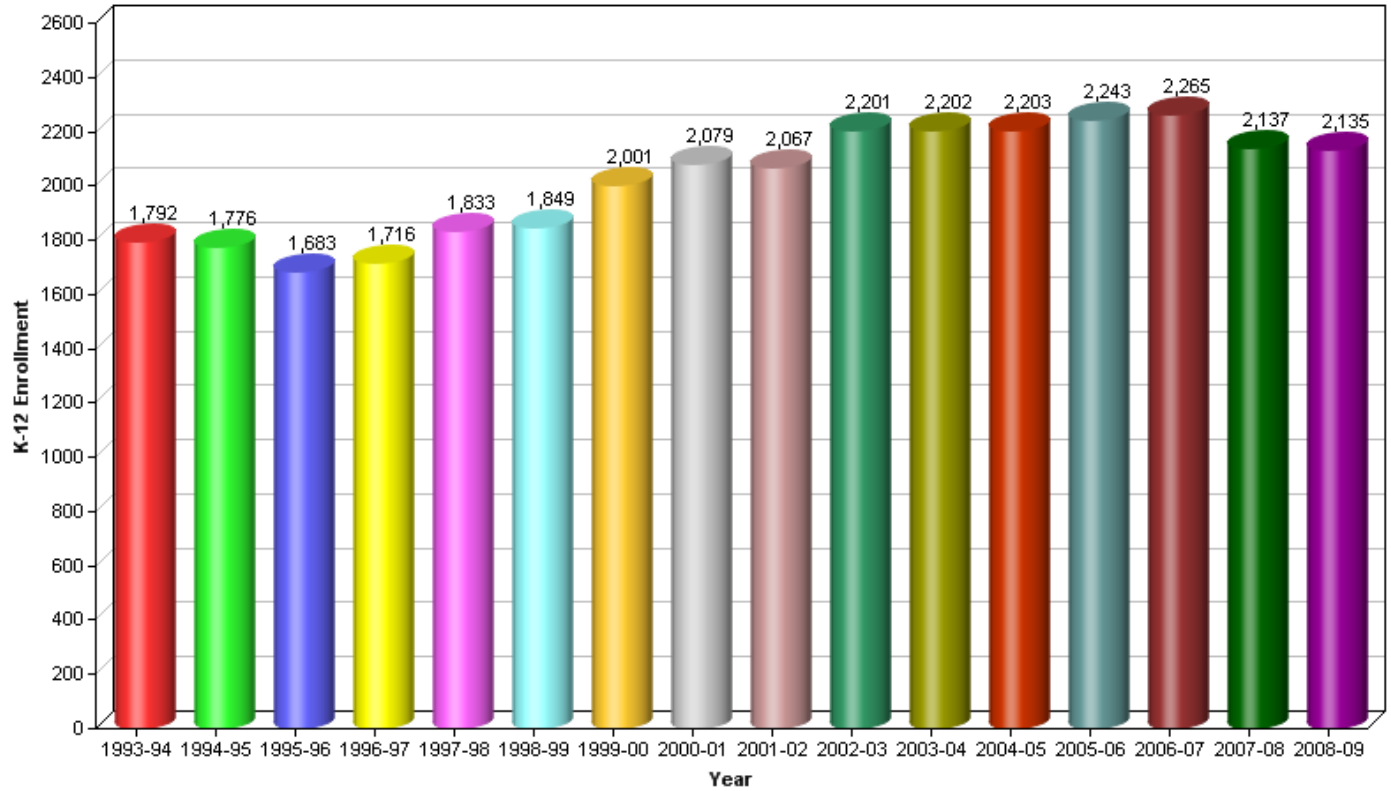

Manually retyped the numbers into column C, and rechecked them via accumulations below. All numbers do match (from what I entered, except for 2007/08 and 2008/09).

*\*For the mismatched numbers for 2007/08 and 2008/09: BJM thinks DOE made two errors on its own TOTALS page, because DOES totals don't match DOES details, here.*
